

MOON AND ARIES - ELECTRONIC PRESS KIT (EPK)

ABOUT MOON AND ARIES

Moon and Aries is a genre-defying, retro-futuristic music duo creating emotionally immersive soundscapes that blur the lines between synth-pop, chill electronica, cinematic soul, trip-hop, and jazz-infused lounge. Combining poetic lyricism with lush production and smooth vocal interplay, their songs feel timeless - yet unmistakably modern.

Driven by their shared passion for storytelling through sound, Moon and Aries deliver music that connects on a deeply human level. Their catalog explores universal themes: transformation, empowerment, longing, healing, and spiritual awakening. Whether it's a quiet moment of self-reflection, a triumphant personal shift, or a love scene that needs to glow from within - Moon and Aries provide the perfect sonic companion.

ABOUT THE NEW SONG

"Balance" continues Moon and Aries' genre-defying evolution, blending trip-hop, R&B, electro soul, and nu-jazz into a dreamy, retro-futuristic composition. Jordana's evocative vocals float over hypnotic beats, a mellow guitar riff, and a soulful saxophone, creating a cinematic mood that is both introspective and transportive.

This is the duo's most meditative work yet — a lush invitation to explore the spaces between movement and stillness, emotion and reflection.

"We wanted 'Balance' to sound like soul floating through a future skyline — sensual, spacious, and glowing with quiet intensity." – Moon and Aries

Perfect for fans of Portishead, Morcheeba, Bonobo, and Zero 7, "Balance" showcases the duo's unique ability to merge electronic sophistication with soulful vulnerability.
